TO WHOM SO EVER IT MAY CONCERN

Dt.21/12/2010.

This is to certify that the multiple gas extraction apparatus Model 1202 supplied to R&D lab of Dr.NTTPS (VTPS), APGENCO by M/s Dakshin Lab Agencies, Bangalore installed in our Transformer Oil Testing Laboratory during March 2010 is working satisfactorily with good repeatability of gas volume and high accuracy of test results. The service backup of the supplier is very good.
